Presidents Corner

Last month we had a review of OSH 2010. It was definitely a wet one . . . at least at first. One of the most interesting features in my opinion was the night air show, amazing, if not a little bit “nuts”. If you have ever done aerobatics, you know that there is an amazing amount of disorientation that occurs when you round and round and upside down, now think about that when you can’t see the ground! I have a limited amount aerobatic experience . . . all daytime I might add, and the thought of doing loops and rolls (the easy stuff) at night terrifies me! Oh well, more power to them and my hats off to the person who has the guts to do so.

With the success of the Pahrump YE event, we will launch into the Henderson event on November 6th. Bob Simpson of www.businessaero.com is opening up Hangar 140 which

is the southernmost hangar that has access to Jetstream Dr. to allow the kids and parents access to airport ramp. We will have plenty of airplane parking adjacent to the hangar. Terry advised me that he has 6 airplanes which may be a little short of the capacity for the expected 75 to 100 kids we intend to fly. If you can help the chapter out, call Terry Frazier at 702-278-0273 or email him at fraziernv@earthlink.net and let him know that you will be available.

The program for November's meeting (Nov. 10th @ 7:30 will be at Robert and Kathleen Jones' home located at 7628 Noche Oscura Circle, Las Vegas. Their home is in a gated community and the **gate code is #8463**. Robert and Kathleen, in case you don't know, are building a RV-10. We will meet for dinners at a location near their home at 5:30 PM. Last year we met at Cane's Chicken on Las Vegas Blvd. Robert and Kathleen are checking into another location for dinner. We'll use Canes as a fall back.

December's meeting on the 11th, will be a dinner meeting (starting at 6:00 PM for social hour of so) held the airport in our usual location. Dinner will be catered by a yet unidentified provider, followed by a presentation by US Air captain Paul Grieshaber. . . ok, for those of you who have trouble with German names, it is pronounce "grees-hober". Paul will be relating some of his adventures flying the Grand Canyon "before" restrictions and knowing Paul, you WILL find this entertaining. Having flown with Paul, who by the way, is the pilot that taught me aerobatics, I can assure you he has some great "stories".

Announcements:

Reminder of the Mesquite Flyout on Saturday, Oct 23rd. Get a flyer if you'd like one.

Ford has an EAA discount plan on most vehicles (called 'X-plan' pricing). Roger has some brochures if you're interested.

We have an informal breakfast meeting on Saturday mornings at the Landings upstairs at 8AM – come join us.

Roger gave some more info on the DC-7 that travels giving rides. He's looking for interest in hosting if they come out to Las Vegas. There was interest in doing so.

Old Business-

Roger showed the framed poster of Paul Poberezny which is being displayed in the Landings Restaurant.

Roger passed out the remaining copies of the Tech Soup software.

Terry Frazier gave an update of the Class B planning meeting. They're probably done meeting. They had a good discussion, and they may eliminate the proposed 9-10K ring, which would help open the airspace above Jean Airport.

We flew 52 kids and 4 members of the local press at Pahrump Young Eagles rally

New Business-

Ralph Millard talked about the Young Eagles rally at HND on Nov 6th.

Looking for access from Mojave Aviation or other to get to and from the flightline. Asked to put it on the website. The Boy Scouts and the home school group will be there.

Discussed getting 2011 EAA calendars from national – consensus we aren't interested

Roger is working on a speaker for the Christmas dinner

Motion to adjourn by Ralph Millard, second by Robert Jones.

Adjourned at 8:15PM
