Presidents Corner

Wow, what difference a year makes! While I did not get to see Randy Holland's plane when we visited last year, I did; however, see what he accomplished via his web site <http://www.mywoodenairplane.com>. I must admit, I was impressed on the size (large for an LSA) and quality of work Randy is doing. Since it's been nearly a month since we visited his project, you should go take a look at how much more he has completed with floor and bottom bracing. Next year at this time, we should be looking for that first flight report . . .

Meeting Plans

This Month, we're back to the HND Terminal building for a brief meeting and we'll present Lynn and Adam Edikauskas with a check for \$500 to offset his airfare to Oshkosh where he will attend one of their Air Academy programs. At our September meeting we'll have Adam give us a brief rundown of what he learned and any other experiences along the way. After the meeting and refreshments, we will head down to Hangar F-7 to see the progress Bob Rogers has made on his Waix. Bob should be flying this summer as he is close to completion. Next month, July, I am waiting confirmation from a Lt. Colonel who is the squadron commander of Predators at Creech AFB for a presentation on what their mission is. I think you will find this quite interesting.

Dinner Plans

This month, we are going to the T-Bird lounge at 9465 South Eastern Avenue, Las Vegas. Here is a Google Earth/Mapquest picture of its location. You will find dinner in the \$8 to \$15 range. See you there by 6:00PM. We'll adjourn to the airport for our 7:30 meeting

Just a note . . .

In July, we are continuing our search for a dinner meeting place and for July's meeting we are going to the Black Mountain Grill. It is located at 11021 S. Eastern in Henderson. I have included a copy of their take-out menu as well as their in-house offerings after the location map of the T-Bird Lounge. Here's a link to their web site and menus...
