Our program this month will be a site visit to new member Glenn Austin's business: VNE Jet, our local Eclipse Jet support center. Get ready to drool! After a quick meeting at our usual location, we can drive (or even walk) to VNE Jet at #1370 Jetstream Way, Suite 100. They are located in the center row of the new hangars just North of the Terminal Building. Lots of parking near their door.

For our dinner location, we will try Nacho Daddy's again at 9925 S Eastern Ave., in the NE Corner of the Lowes parking lot at St. Rose and Eastern. They have lots of non-Mexican fare on the menu, and promised to take orders individually as soon as we are ready to speed things up.

Hope to see you there!

Terry Frazier

Announcements:

1. We had a trial dinner gathering at Nacho Daddy's and I would like to see a show of hands as to whether we should continue use them on meeting night or continue to search for an acceptable gathering spot.
2. Okay – timing will be better hopefully – try it again
3. Next month's meeting will be at the terminal in our normal room and hopefully we will have a full report by Andy Johnson of the first flight of his RV-12. We should have Andy's plane on display either at the terminal or the hangar depending on temperature and wind.
4. Don't forget this month's fly-out is to Mesquite on the 26th. If you're not flying, plan on driving, it's a nice affair. Dean, is this the gala affair that got cancelled due to the Pres being in the area or is it just a good breakfast?
5. Anyone have an announcement they would like to make?
6. Don't forget, we have an informal meeting on Saturday morning upstairs at the Landings. Come join us at 8:00 AM every Saturday.

Old Business:

Roger mentioned a couple of meetings ago that he had contacted the restorers of the DC-7B you saw in Sport Aviation a couple of months ago. Well I had some correspondence with them and they are interested in coming to Las Vegas carrying people both ways . . . nothing like revenue flights when you burn about 250-300 gallons an hour. Questions to be asked"

- a. Do we want to get involved? (Involvement would have to be based on donations from ???) 11 hands
- b. Anyone have a connection with a casino's marketing people? no
- c. Publicity with radio or TV stations? no

Dick McEwen mentioned the B-29 when it came to Bullhead City for reference

\$10000 up front
xxx gallons of gas
\$500-\$1250 a seat

The idea will be tabled for now until we hear more from the DC-7B group

New Business:

Mike's Radomir's flyout to Page, AZ on Feb 19th
