The Official Electronic Newsletter of EAA Chapter 1300 in Henderson, NV

August, 2013

## President's Corner

Submitted by Dean Herrington, President

### NEXT MEETING

Our next chapter meeting will be Wednesday, August 14, 2013, at the usual meeting room in the Henderson Executive Airport terminal. Set-up at 7:00 p.m., FREE delicious munchies served thereafter, meeting starts at 7:30 p.m., clean-up/breakdown immediately afterward. All encouraged to help. Ya'll come, ya hear!

### DINNER LOCATION

Our informal pre-meeting dinner is held each month at 5:30 p.m. at the Black Mountain Grill, 11021 S. Eastern Ave. (SW corner of Sunridge Heights Parkway and Eastern). (702-990-0990). All who care to attend are welcome. P.S. - we go Dutch.

### NEW PILOTS IN THE AREA

I've been prowling the ramps, hangars and restaurant at HND and have met several new pilots who have either just bought a hangar, just bought a new airplane, recently got their private license, all of the above, etc. I've twisted an arm or two and expect to see some of them at the August meeting. Come to the meeting and greet all the new guys.

### THIS MONTH'S PRESENTATION

This month's meeting is dedicated to Oshkosh reports. We welcome all pictures, videos, verbal reports, product brochures, product demonstrations, etc. If you went to Oshkosh this year you're on the program.

### BONUS PRESENTATION

Depending on how long the Oshkosh reports take we may also have a bonus presentation. Have you ever seen thousands of mothballed airplanes all in one big parking lot? Davis-Monthan Air Force Base in Tucson, AZ, is a "living museum" of aviation history, with thousands of aircraft dating back several decades. They give tours of the entire facility and describe the history of key aircraft. Roger Hansen will share with us the video he got of the tour of Davis-Monthan that he took earlier in the year.

### BONUS-BONUS PRESENTATION

We might even have some video from a museum in the NW that a chapter member is visiting in the next few days. Cool.

### AVIATION FREEBIES

My brain is still empty. If you have some freebies, send them to me.

### EAGLE FLIGHT PROGRAM TAKES WING

The Eagle Flight program is intended to draw adults directly into aviation by providing a free introductory ride, and an introduction to a local flight school, where they can begin working on getting their license. When you hear someone say, "I've always wanted to learn to fly," they're an ideal candidate for an Eagle Flight. Contact our chapter Eagle Flight coordinator, Helen Carlson, at 734-6934, to arrange an Eagle Flight.

See you on August 14<sup>th</sup>.

### Editor's Note:

#### "The New Las Vegas Class B airspace explained"

**Description: This event is designed to familiarize pilots with the NEW CLASS B AIRSPACE THAT WILL BECOME ACTIVE ON 8/22/2013. Come learn about how the new Airspace allocations will affect how and where you fly. The sponsor for this seminar is: LAS FSDO**

**- Pat DuLaney Note:** Your new 2013-2014 Spruce Catalogue.

I was very fortunate to have a photo that I took of an RV-7A in AZ earlier this year appear on the cover. The owner and builder of that plane was really excited, as well. I never know if a photo may be used or wanted for something but when it happens it certainly is a lot of fun.

**Brian Lamontaigne Note:** Members- Although the chapter website currently lists this month's fly-out on the 10th, the Big Bear Air Fare date was changed earlier this year to August 24th. My apologies for not catching this sooner. **Please note that the August Fly-Out date is now the 24th.**

By the way, here's some pix from the June Meeting. They missed the last 2 Newsletter deadlines, but better late than never:

Thanks, Brian

Go, Seb!
